Short Description

The Clumber Spaniel Club of America has been blessed for ten years by the presence of one very capable person in the name of Phyllis Potterfield. In that time, Phyllis has singlehandedly developed the Public Education function of the CSCA. Public Education was at the heart and soul of Phyllis' work with Clumbers. It was her belief that the more the public knew about Clumber Spaniels, the better all Clumber lives would be. This fund is established by the friends of Phyllis Potterfield to endow the CSCA Public Education fund by honoring Phyllis' fine work and to enhance the fund in ways that Phyllis had hoped to accomplish.

The Clumber Spaniel Club of America is recognized by the Internal Revenue Service as a 501(c)(4) organization. As such, contributions to the organization are not deductible for federal income tax purposes as charitable contributions.
