

# The Clumber Spaniel Club of America

DEDICATED TO THE WELL-BEING OF CLUMBER SPANIELS THROUGH EDUCATION, COOPERATION, AND TRAINING

## CSCA Breed Mentor Agreement

The Clumber Spaniel Club of America takes the responsibility for educating those who seek information and knowledge on the Clumber Spaniel. In the interest of a cohesive and impartial education program, an application with a signed agreement between the parent club, The Clumber Spaniel Club of America, and the participating club member is required to be placed on the CSCA and AKC approved mentor list.

The CSCA Board of Directors has approved the following mentor criteria. Any CSCA member who would like to become a CSCA approved mentor are invited to submit an application to the Judges Education Committee under the guidelines listed below. Everyone must submit a signed application, including supporting information to the chairperson listed.

## CSCA Mentor Criteria

- Must have a minimum of 12 years breeding, exhibiting, or judging in Clumber Spaniel conformation events.
- Must have bred at least 4 conformation champions. As an alternative, must have finished at least 4 conformation champions who have been owned and maintained at their house for the duration that the Clumber Spaniel achieved their championship or grand championship certificate.
- Must be a member of the CSCA, in good standing, for at least the last 10 consecutive years prior to the application.
- Must never have received a CSCA or AKC sanction.
- When possible, on the day of the National Specialty or Regional Specialty, all efforts will be made to schedule ringside mentors who are not exhibiting in the conformation ring. The relationship of the mentor to any dogs in the ring that the mentor is owner, co-owner or bred must be disclosed to the prospective judge.
- All mentoring sessions shall be conducted in a fair and impartial manner with restraint from promoting individual breeding programs and/or promotion of individual dogs or bias toward other breeding programs.
- Must abide by the approved CSCA Clumber Spaniel standard.
- Must attend a Clumber Spaniel judge's education seminar within the last 4 years or attend a major entry show and participate in ringside observation with an approved CSCA mentor.
- Must sign a mentor agreement.
- Failure to meet any of the above conditions, the mentor will be removed from the mentor list. The application will need to be resubmitted for approval.

*I agree to the above mentor criteria. \_\_\_\_\_ (member initials)*
