

2017 National Specialty

International Symposium

INTERNATIONAL SYMPOSIUM

TUESDAY, MAY 2, 2017

The Clumber Spaniel Club of America welcomes you to the 11th Triennial International Symposium, held in conjunction with the 2017 CSCA National Specialty.

The CSCA, and particularly the International Symposium Committee, is looking forward to welcoming everyone from everywhere to this special event. Clumber Spaniel fanciers from all over the world gather every three years to learn, socialize and be entertained by talks, Clumber viewing and all kinds of fun things.

We are planning an educational program of broad interest as we explore topics ranging from canine genetics to artistic portrayals of the Clumber, as well as international breed reports and a breeders' roundtable. Please plan to join us for an exchange of knowledge and camaraderie with fellow fanciers.

We expect as many of you as possible to join with us. We have a great and informative main speaker and of particular interest will be the Breeders Roundtable with participation from many countries represented. As a teaser for you... from the U.S., we have Doug Johnson and Helen Marshall. Please send me questions you would like discussed at the roundtable. We also expect the other clubs to provide reports of activities since the last IS.

To adequately plan the final details for our events we need to know exactly who will be attending. PLEASE email me ASAP at clumberug@aol.com to tell me your plans. The reservation can be filled in later. Thank you all and we can't wait to see you.

PLANNED EVENTS

•
