

The Clumber Spaniel Club of America wishes to inform you that the upcoming National Specialty at Purina Farms **has been postponed** due to the closure of the Purina farm facility during this outbreak of coronavirus in the United States.

The Board is working to ensure that a CSCA National Specialty happens during the 2020 calendar year. We want to keep our tradition alive and intend to host a specialty later in the season. **We will keep you updated with our progress.** To that end we wish to thank all the generous donors and participants and recognize how much effort is involved in putting on a national specialty and we are grateful for your time and service to the breed.

Please allow the Board some time to make good choices as we work through this difficult situation.

Purina Farms will be making their public announcement later this morning, and hopefully that will answer many questions that everyone may have. You are also welcomed to reach out to them personally with questions.

Thank You!

Cathy, Doug, Ken, Trish, Debbie, Ron, Denise, Margaret, and Chic
