

Clumber Spaniel Club of America, Inc.

Mission Statement: The Clumber Spaniel Club of America supports Clumber Spaniels and their owners' participation in conformation, obedience, rally, agility, hunting, tracking and other events in which the breed is eligible to participate. These activities are further supported by education of owners, breeders, dog show judges, veterinarians, and the general public and through the CSCA's concern about the health and welfare of Clumber Spaniels by its support of health research and rescue activities.

Vision Statement: The CSCA serves as the authoritative source for information about Clumber Spaniels via communications on the web site, Clumber Chronicles, articles in publications respected in the dog fancy and through outreach, public education, and rescue activities. Opportunities to spotlight Clumber Spaniels are encouraged through the annual National Specialty show, Meet the Breeds activities, during the Westminster Kennel Club show, support of regional Clumber Spaniel clubs, support of entries of Clumber Spaniels and other events.
